

2026 Driving Tour of Italianate Houses in Cazenovia

Sign #	Address/"Cluster"		Notes
1	47-49-53 Sullivan St		Start your drive or walk with one of Cazenovia's "clusters" of 3 Italianates of the 1860s, from less to more elaborate and with brackets and cupolas
2	8-10 Hurd St		Two sitting side-by-side, with a third, at #16 a few houses up
3	3-5-7-9 Willow Place		Four examples from 1878 to 1890s displaying the use of color which was more common than not. From the southern end of Willow, a look back can reveal the slightly hipped roofs, hidden by the dominant flat appearance.
4	8-10-12 Forman St		Three from the 1890s; #12 may have replaced an earlier 1850s home. Note the distinctive porch millwork.
5	112 Albany St		Once a residence, this fine house from 1876 has been re-purposed for business offices. Note the window "hoods," porch millwork, and double front doors.
